To Whom It May Concern,

I would like to recommend Mallory Williams as a wonderful and competent teacher for the ELA opening you have. For the last 2 years, she has been a teacher for my students at Allegro Charter School.

Mallory has extensive knowledge of how to teach middle school students. During her time here, she helped to create and organize a curriculum, find appropriate texts, assign creative projects, and grade numerous tests and papers. She was also responsible for teaching classes of 6th, 7th, and 8th grade students.

In addition to her proficiency at effectively managing a classroom, Mal was also well-loved by the students. Although she retained a good sense of humor and infinite patience, she was firm and disciplined with the students. Mal came to Allegro in a hard situation, replacing a beloved teacher who left mid-year. She took the challenge head on, and worked to quickly establish a rapport with her students.

Mallory was a wonderful addition to our school and I whole-heartedly recommend her for any teaching position in this age range.

Sincerely,

Daniel Neikirk
Principal
